Inputs suitable for use in Organic Farming,
according to (EC) n° 834/2007 & 889/2008
Regulation & Compliant Under NOP

Calfuze_1 Kg_215mm x 260mm

CALFUZE is a proprietary blend of water-soluble formulation of essential nutrients fortified with soluble silicon. . It supports plant and fruit growth by harnessing the beneficial effects of silicon. Nutrients present in the product activates various enzymes within plants, essential for key biochemical reactions such as photosynthesis and growth.

DIRECTIONS OF USE

- Add the recommended quantity for preparing the spraying mix.
- CALFUZE is compatible with almost all leading agrochemicals. A “Jar Test” is recommended before mixing and application.
- Apply uniformly on upper and lower plant foliage.
- Do not store the diluted solution for more than 6 hours.
- Avoid spraying on windy and rainy days.
- Spraying should be done preferably in early hours or morning or late afternoon.
- Keep product and all equipment's required away from reach of children and pets.

APPLICATION RATE

Use 8-10 oz (0.5-0.62 lbs) of CALFUZE per acre per application (250-300 g / acre application) CALFUZE must be applied three to four times during a season (flower bud stage, fruit development 1, fruit development 3 and ripening). For the agronomic application rates suitable for your geographical area or the maximum allowable non-nutrient application rates per acre, consult a trained soil specialist or write to Privi Life Sciences USA Corporation dba Privi Life Sciences USA Corp. @ info@priviamericas.com

STORAGE AND DISPOSAL

Store in cool and dry place, away from direct sunlight at ambient temperature. Store the product in original container. Keep container tightly closed. Keep Out of Reach of Children. Do not reuse the empty container. Rinse the container 2-3 times with water before offering for recycling or disposal by means in accordance with local, state and federal regulations. Keep out of reach of children and pets.

PRECAUTIONARY STATEMENTS

Avoid contact with eyes, skin and clothing. Avoid breathing dust. In case of contact with skin rinse thoroughly with water. Never wash contaminated clothes along with regular laundry. Wear protective apron, gloves and masks while spraying. Do not eat, drink, or smoke when using the product. Wash hands thoroughly after handling. Use adequate ventilation during handling of product.

GUARANTEED ANALYSIS:

Total Nitrogen (N)	1.00%
Water soluble nitrogen	1.00%
Available Phosphate (P ₂ O ₅)	1.00%
Soluble Potash (K ₂ O)	0.80%
Calcium (Ca)	6.00%
Boron (B)	4.00%
Water soluble boron	4.00%
Zinc (Zn)	4.00%
Water soluble zinc	4.00%

Derived from Potassium Sulfate, Calcium Acetate, Calcium Lignosulfonate, Boric Acid, Zinc Sulfate, Fish Protein Hydrolysate

ALSO CONTAINS NON - PLANT FOOD INGREDIENTS:

Soluble silicon 0.5%

WARNING: The product is suitable for use on vegetables (tomatoes, bell peppers, cucurbits etc.) and horticultural crops (apples, almonds, peach, strawberry etc) . The use of the fertilizing material on any crops other than those recommended may result in serious injury to the crop(s)
