

# MYCOXOL 33K Consortium

## SAFETY DATA SHEET

Prepared in accordance with US HazCom 2012 (US GHS)

### **SECTION 1: Identification of the mixture and of the company/undertaking**

#### **1.1. Product identifier**

**Product Name:** MYCOXOL 33K Consortium

**Relevant identified uses of the mixture and uses advised against**

**Relevant identified uses:**

Used as Agricultural input

**Uses advised against:**

No information available

#### **1.2. Details of the supplier of the safety data sheet**

**Manufacturer:**

Privi Life Sciences Private Limited

**Reg. office:** Privi House, A-71, TTC, Thane Belapur Road, Near Kopar khairane Railway Station, Navi Mumbai(MS) INDIA- 400 709; Tel : 022 6602 3500

**Factory:** 22/1A, Dhatav MIDC, Roha, District: Raigad, Maharashtra, India- 402 109

**Imported and Distributed by**

Privi Life Sciences USA Corporation dba Privi Life Sciences USA Corp.  
645 Howard Ave, Somerset NJ 08873.

**Email:** [info@priviamericas.com](mailto:info@priviamericas.com); Call: 732-960-4504; Fax: 732-658-4827

#### **1.3. Emergency telephone number:**

**Poison Control Centre, United States: Emergency telephone number:**

1-800-222-1222

**India:**

Company Phone Number: +91-(022)-3304-3697 (IST 09.30AM- 5.30PM) (Language: English)

### **SECTION 2: Hazards identification**

#### **2.1. Classification of the mixture**

**Classification according to US HazCom 2012 (US OSHA GHS):**

Reproduction Toxicity, Category 1B

Eye Irritation, Category 2A

Skin Irritation, Category 2

## Safety Data Sheet

In accordance with US HazCom 2012

## Additional Information:

None

## 2.2. Label elements

Labeling according to US HazCom 2012 (US OSHA GHS):	
Hazard pictogram:	
Signal word:	Danger!
Hazard statements:	May damage fertility or the unborn child. Causes skin irritation. Causes serious eye irritation.
Precautionary statements:	Do not handle until all safety precautions have been read and understood. IF exposed or concerned: Get medical advice/attention. Store locked up. Dispose of contents/container to an approved disposal plant in accordance with national/local regulations. Wash hands thoroughly after handling. Wear protective gloves/eye protection/face protection. IF ON SKIN: Wash with plenty water and soap. Specific treatment (see supplemental first aid instructions on this label). If skin irritation occurs: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. Do not handle until all safety precautions have been read and understood. IF exposed or concerned: Get medical advice/attention. Store locked up. Dispose of contents/container to an approved disposal plant in accordance with national/local regulations. Wear eye protection/face protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER/doctor. Do not breathe dust/fume. Get medical advice/attention if you feel unwell. Dispose of contents/container to an approved disposal plant in accordance with national/local regulations.

## 2.3. Other hazards

Not known

## SECTION 3: Composition/information on ingredients

## 3.1. Mixture

CAS No.	Chemical Name	Weight (% w/w) content (Typical or range)	Classification according to US HazCom 2012 (US OSHA GHS)
NA	Endomycorrhizal spores ( <i>Funneliformis mosseae</i> , <i>Rhizophagus irregularis</i> , <i>Rhizophagus clarus</i> )	4-5	Non hazardous

**MYCOXOL 33K Consortium**

**Safety Data Sheet**

**In accordance with US HazCom 2012**

7631-86-9	Silicon di oxide	0.5-0.1	Non hazardous
9050-36-6	Inert carrier (Maltodextrin)	95-99	Non hazardous Combustible dust

**Safety Data Sheet**

**In accordance with US HazCom 2012**

---

Note: None of the other ingredients of the product are hazardous under US HazCom 2012 (US OSHA GHS) and thus not required to be reported in this section.

---

**SECTION 4: First aid measures**

**4.1. Description of first aid measures**

**Following inhalation:**

Take proper precautions to ensure your own safety before attempting rescue (e.g. wear appropriate protective equipment). Remove source of contamination or move victim to fresh air. Obtain medical advice.

**following skin contact:**

As quickly as possible, remove contaminated clothing, shoes, and leather goods (e.g. watchbands, belts). Quickly and gently blot away excess chemical. Immediately wash with lukewarm, gently flowing water for 15-20 minutes

**following eye contact:**

Immediately rinse the affected eye with plenty of water or eye wash fluid for at least five minutes while separating the eyelids. Remove contact lenses if safe and easy to do so and continue rinsing. Avoid contaminated water coming into contact with the other eye or face. Seek medical attention if symptoms develop, or if concerned

**following ingestion:**

If swallowed DO NOT INDUCE VOMITING. Rinse mouth with water if casualty is fully conscious and seek immediate medical attention.

**notes for the doctor:**

Treat symptomatically

**4.2. Most important symptoms and effects, both acute and delayed**

On skin contact: May cause Skin irritation

On Eye Contact: May cause eye irritation and reddening

**4.3. Indication of any immediate medical attention and special treatment needed**

No information available

---

**SECTION 5: Fire-fighting measures**

**5.1. Extinguishing media**

Dry extinguishing media, foam, carbon dioxide, Water spray or fog

**5.2. Special hazards arising from the mixture**

Burning may produce irritating, toxic and obnoxious fumes

**5.3. Advice for fire-fighters**

Self-contained breathing equipment. Individual protective equipment (gloves, boots (chemical resistant) and suitable clothing). Seek emplacement with your back against the wind

---

**SECTION 6: Accidental release measures**

**Safety Data Sheet**

**In accordance with US HazCom 2012**

---

**6.1. Personal precautions, protective equipment and emergency procedures**

Avoid contact with the eyes, skin and clothing. Do not act without appropriate protective equipment.

**6.2. Environmental precautions**

Recover the whole product that is possible in a clean dry plastic or metallic container. Prevent material from entering drains or water courses

**6.3. Methods and material for containment and cleaning up**

Small spillage: Contain spillage, soak up with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and transfer to a container for disposal according to local / national regulations.

Large spillage: Large spills should be collected mechanically (remove by pumping) for disposal.

Dispose of absorbed material in accordance with regulations.

**6.4. Reference to other sections**

Please see Section 8

---

**SECTION 7: Handling and storage**

**7.1. Precautions for safe handling**

Do not ingest. Avoid contact with eyes and skin. Do not breathe fumes/ vapor/spray. Wear suitable protective clothing.

Ensure thorough ventilation of stores and work areas.

Keep away from incompatibles (please refer to Section 10.5).

Handle in accordance with good industrial hygiene and safety practice.

**7.2. Conditions for safe storage, including any incompatibilities**

Keep container tightly closed and sealed until ready for use.

Store in original containers. Keep containers securely sealed. Store in a cool, dry, well-ventilated area. Store away from incompatible materials. Protect containers against physical damage and check regularly for leaks.

---

**SECTION 8: Exposure controls/personal protection**

**8.1. Control parameters**

**Exposure limits values:**

No data available

**8.2. Exposure controls**

**Appropriate engineering controls:**

Provide exhaust ventilation or other engineering controls. Ensure that eyewash stations and safety showers are proximal to the work-station location.

**Individual protection measures:**

**Eye/face protection:**

Use tight-fitting goggles, face shield or safety glasses (refer to U.S. OSHA 29 CFR 1910.133) with side shields if eye contact might occur.

**Skin/Hand protection:**

Avoid skin contact. Use chemically resistant gloves (refer to U.S. OSHA 29 CFR 1910.138), boots, and apron if risk of skin contact.

**Safety Data Sheet****In accordance with US HazCom 2012**

Gloves suitable for permanent contact Material: natural rubber/natural latex, polychloroprene, butyl-rubber, Polyvinylchloride, nitrile rubber/nitrile latex, fluoro carbon rubber.

Minimum Thickness of Gloves material preferred: 0.3 mm

When prolonged or frequently repeated contact may occur, a glove with breakthrough time greater than 240 minutes is recommended.

When only brief contact is expected, a glove with breakthrough time greater than 60 minutes is recommended

**Respiratory protection:**

No personal respiratory protective equipment normally required. If engineering controls do not maintain airborne concentrations below recommended exposure, an approved, properly fitted respirator (refer to U.S. OSHA 29 CFR 1910.134) should be used

**Thermal Hazards:**

No information available

**Environmental exposure controls:**

Do not allow run-off from fire fighting to enter drains or water courses

**SECTION 9: Physical and chemical properties****9.1. Information on basic physical and chemical properties**

<b>Appearance</b>	Beige to dark colour powder
<b>Odour</b>	Characteristic
<b>Odour threshold</b>	No data available
<b>pH (50% solution in water)</b>	5.0-7.0
<b>Melting point/freezing point</b>	< 250 °C
<b>Initial boiling point and boiling range</b>	No data available
<b>Flash point</b>	> 200 °C (Closed cup)
<b>Evaporation rate</b>	No data available
<b>Flammability (solid, gas)</b>	Not applicable
<b>Upper/lower flammability or explosive limits</b>	No data available
<b>Vapour pressure</b>	No data available
<b>Bulk density</b>	0.5-0.7 g/cm <sup>3</sup>
<b>Solubility in water</b>	Soluble
<b>Particle size</b>	< 250 µ
<b>Partition coefficient: n-octanol/water</b>	No data available
<b>Auto-ignition temperature</b>	No data available
<b>Decomposition temperature</b>	No data available

**Safety Data Sheet**

*In accordance with US HazCom 2012*

<b>Explosive properties</b>	Non-explosive
<b>Oxidising properties</b>	Non-Oxidising

**9.2. Other information**

Not available

**SECTION 10: Stability and reactivity**

**10.1. Reactivity**

Stable under normal temperatures and pressures. The product is reactive with the incompatible materials (please refer section 10.5).

**10.2. Chemical stability**

Stable under normal temperatures and pressures

**10.3. Possibility of hazardous reactions**

Hazardous polymerization cannot occur.

**10.4. Conditions to avoid**

No information available

**10.5. Incompatible materials**

Strong bases and alkalis, aluminium, zinc, tin and their alloys

**10.6. Hazardous decomposition products**

Burning may produce irritating, toxic and obnoxious fumes

**SECTION 11: Toxicological information**

**11.1. Information on toxicological effects**

**Acute toxicity:**

Rat Oral LD50 (estimated) : > 2000 mg/kg bw

Rabbit Dermal LD50 (estimated): > 2000 mg/kg bw

**Skin corrosion/irritation:**

No data available for the product as such.

Based on the ingredients' available data, the product is expected to be skin irritant

**Serious eye damage/irritation:**

No data available for the product as such.

Based on the ingredients' available data, the product is expected to be eye irritant

**Respiratory or skin sensitization:**

No data available for the product as such.

Based on the ingredients' available data, the product is not expected to be respiratory or skin sensitizer

**Germ cell mutagenicity:**

No data available for the product as such.

Based on the ingredients' available data, the product is not expected to be mutagen

**Safety Data Sheet****In accordance with US HazCom 2012****Carcinogenicity:**

No data available for the product as such.

Based on the ingredients' available data, the product is not expected to be carcinogen

No ingredient is listed by NTP, IARC or OSHA as a carcinogen

**Reproductive toxicity:**

No data available for the product as such.

Based on the below Boric acid data and its GHS classification when compared with US OSHA GHS classification criteria, the product has been classified as Reproductive Toxicity Category 1B

Available data / information on Boric acid:

A multigenerational study in the rat (Weir, 1966) gave a NOAEL for fertility in males of 17.5 mg B/kg/day.

**STOT-single exposure:** No data available for the product as such.

Based on the ingredients' available data, the product is not expected to have target organ toxicity on single exposure

**STOT-repeated exposure:** No data available for the product as such.

Based on the ingredients' available data, the product is not expected to be target organ toxicity on repeated exposure

**Aspiration hazard:** No data available for the product as such.

Based on the ingredients' available data, the product is not expected to be aspiration hazard

**SECTION 12: Ecological information****12.1. Toxicity**

No data available

**12.2. Persistence and degradability**

No data available

**12.3. Bioaccumulative potential**

No data available

**12.4. Mobility in soil**

No data available

**12.5. Other adverse effects**

No information available

**SECTION 13: Disposal considerations****13.1. Waste treatment methods**

Dispose of contents/container in accordance with local/regional/national/international regulation.

**SECTION 14: Transport information**

**Safety Data Sheet**

In accordance with US HazCom 2012

The material is not regulated by ADR/RID/IATA/IMDG/US DOT

Regulation	ADR/RID/ADN/ ICAO-TI/IATA- DGR	IMDG Code	US DOT
<b>14.1. UN Number</b>	N/A	N/A	N/A
<b>14.2. UN proper shipping name</b>	N/A	N/A	N/A
<b>14.3. Transport hazard class(es)</b>	N/A	N/A	N/A
<b>14.4. Packing group</b>	N/A	N/A	N/A
<b>14.5. Environmental hazards</b>	N/A	N/A	N/A
<b>14.6. Special precaution for users</b>	N/A	N/A	N/A
<b>14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC code</b>	N/A	N/A	N/A

**SECTION 15: Regulatory information****15.1. Safety, health and environmental regulations/legislation specific for the mixture**

All the chemicals ingredients are listed in TSCA inventory and designated as Active

**SECTION 16: Other information****Key literature references and sources for data:**
